

# SPRINGFIELD FIRE DEPARTMENT

77 HARTNESS AVENUE  
SPRINGFIELD, VERMONT 05156

July 2<sup>nd</sup> 2015

## Select Board Update July Activity:

249 Total Calls  
199 EMS  
26 Fire Calls  
11 Rescue Calls  
2 First Alarms  
1 Technical Rescue, North Springfield Dam

5 Paramedic Intercepts

8 Health Complaints

Monthly training was vehicle extrication and gaining patient access scenarios.

FF Stagner attended the National Fire Academy for "Effective Leadership for Fire and EMS"

The dry weather created a need to fill some wells with non-potable water.

Squad 6 went out of service and is still being worked on to come back into service. A very small portion of our rescue equipment has been placed in the back of the Pick-up truck (Utility 7) for rescue response. Bellows Falls is responding to assist.

Car 2 the administrative vehicle that off-sets travel expense for training and fills a response support role for EMS runs etc. has been taken out of service. The vehicle has worn out and Durand Ford estimated just under 4000.00 to repair with no complications found.

Russ Thompson  
Fire Chief
