Boundary Adjustment SSR §402.1:

The plat for boundary adjustment shall show:

___ The existing and proposed boundaries of both lots;

___ The existing and proposed perimeter dimensions of both lots;

___ The existing and proposed area of both lots; and

___ The names and addresses of the owners of both lots and of adjacent properties.

___ Clearly set forth the size of the area (in acres or sq. ft.) being exchanged in the boundary adjustment.

Sketch Plan Approval – Major and Minor Subdivision SSR §404.4:

[Except where a separate document is needed, all the following may be included on the sketch presented.]

- ___ A site plan, drawn to scale, providing a reasonably accurate representation of the parcel's size, shape and general location;
- ___ Proposed subdivision name or identifying title;
- ___ Name and address of record owner, Subdivider and Designer;
- ___ Number of acres within the proposed subdivision, location of property lines, existing easements, buildings, watercourses and other important physical features such as steep slopes, wetlands, wellhead protection areas, natural habitats, archeological resources, and other such features noted in the Town Plan and shown on the associated resource maps available at the Town Offices. The location and acreage of land adjacent to the proposed subdivision, which the subdivider owns or has an interest in, shall also be shown;
- ___ A description of all subdivisions involving the land proposed to be subdivided over the past ten (10) years, including the total acreage previously subdivided;
- ___ The names of all subdivisions and the names and addresses of owners of record of all parcels adjacent to the land proposed to be subdivided;
- ___ The provisions of the Zoning Regulations applicable to the area to be subdivided and any zoning district boundaries affecting the tract;
- ___ The approximate location and size of any existing onsite wastewater and water supply, or sewers and water mains, culverts and drains on or adjacent to the property to be subdivided;
- ___ Date, approximate north arrow, and approximate scale;
- ___ Proposed point of connection with existing water supply, if any;
- ___ Proposed point of connection with existing sanitary sewage system, if any;
- ___ The proposed lot lines with dimensions and field evidence of boundary lines and corners;
- ___ A map of the Town showing the general location of the boundaries of the subdivision; and
- ___ A copy of the letter to the Selectboard requesting preliminary determination on the Town's willingness to accept any streets, utilities or other community facilities, if applicable.

Minor Subdivision Approval - Should Applicant wish to have one hearing without Sketch Plan review (See SSR §404.2B “Fast track for Certain Minor Subdivisions”), these should be presented at first Public Hearing:

The Plat shall show all dimensions in feet and decimals of a foot, and be drawn to a scale suitable for review by the Board. It shall be clearly and legibly drawn, and the size of the sheet shall be of standard drawing size. Such sheets shall have a margin of two (2) inches outside of the border lines on the left side for the binding and one (1) inch margin outside the border along the remaining sides. The Plat shall include the following information:

- ___ The name of the proposed subdivision or identifying title;
- ___ The name of the Town in which the subdivision it located.
- ___ The date;
- ___ True and magnetic north arrows;
- ___ The map scale;
- ___ The name and address of record owner and subdivider;
- ___ The names and addresses of all adjoining property owners.
- ___ An actual field survey of the boundary and property lines of the tract being subdivided, giving complete descriptive data by bearings and distances, and prepared by a registered land surveyor;
- ___ A survey showing the location and dimensions of all proposed lot lines, and the areas of all proposed lots;
- ___ The corners of the lots shall be marked on the survey by monuments approved by the Board, to be placed in the field by the subdivider. Such survey shall encompass all other remaining lands and parcels owned by the Subdivider within the proposed subdivision;
- ___ At the request of the Subdivider, the Board may exempt one (1) parcel from the survey requirements provided that parcel exceeds twenty-five (25) acres. The Subdivider shall submit a sketch plan of the total parcel, including the exempted portion. The sketch plan shall meet the requirements of **Section 404.4** of these Regulations.
- ___ In the event that there is a difference of opinion as to the remaining acreage, and the tax maps indicate that there is less than twenty-five (25) acres, the tax maps shall be used as a guideline for determining whether or not the remainder must be surveyed. The owner must prove to the satisfaction of the Chief Assessor that there is more than twenty-five (25) acres remaining.
- ___ If appropriate, any proposed on-site septic systems and/or water supply facilities shall be shown, to scale, as to approximate location and size, as well as any replacement areas. A note shall be included on the final plat that any septic system designed for parcels shown shall comply with State and/or Local Requirements.

Final Plat for Boundary Line, Minor or Major Subdivision shall carry the following endorsement on the Mylar to be filed with the town clerk (SSR §407.8):
